CLASSIC VALUES, MODERN VIBE

Modern and classic styling come together with a minimalist sensibility. The evergreen midi skirt clashes playfully with a trendy leather cross-body bag. The timeless trench coat adds volume. Finally, to accentuate the look and go with the model's pink skin tone, a red scarf has been added.

STREET CHIC

Streetwear gets a makeover in this indoor look that manages to be stylish and rugged at the same time. Layers marry checks and dark colors. The bulk of the look is conveyed through the black sheer skirt, white t-shirt, and a checked long coat with a belt and red boots. Add smokey eye make-up, nude lips, hair left open and small black ear-rings - and the intriguing balance is complete.

DELICATE MYSTERY

A palette inspired by sea pebbles. Quiet, with an accent of red. Asymmetric layering, unbuttoned for boldness. And a lace mask for romance and mystery. The heavy jacquard fabric adds to the autumn look. A red bralet and red closed toe heel boots add power.

Sheer skin tights add texture. And soft viscose tinted teal shirt adds delicacy.

1960S RENOVATED

The bold, classy silhouettes and patterns of sixties' fashion meet a casual, modern sensibility in this look. It features a halter neck knit top with a vibrant checked blazer and unexpected bell bottom pants. A messy pony, smoky eyes and red lips adds the unexpected contrast. Black heels and tassel ear-rings round out the ensemble.

MESSY VINTAGE

This outfit is rooted in lines, shapes and layering. The pleated skirt creates a flattering hourglass body type. It also adds variation with the different textures used. The skirt gives a slightly vintage look set off by the low messy pony. The combination of the dull green layer smartly breaks the monotony in the outfit.
